# Pre-Survey - Indoor Air Quality and Well-being in Remote Work Settings

Mandatory questions are marked with an asterisk (*)

## Section A0: Participant ID & Basics

### Cozie ID *

***Cozie ID is indicated on the pouch you have received***

- ◯ Cozie 1
- ◯ Cozie 2
- ◯ Cozie 3
- ◯ Cozie 4
- ◯ Cozie 5
- ◯ Cozie 6
- ◯ Cozie 7
- ◯ Cozie 8
- ◯ Cozie 9
- ◯ Cozie 10
- ◯ Cozie 11

### Email Address

***For Communication and compensation***

Email _____

### Age (years)

_____

## Sex / gender (optional)

- ◯ Male
- ◯ Female
- ◯ Non-Binary
- ◯ Prefer not to respond

## Height and Weight information

If you do not wish to respond, type '0' in all the options

Height in cm _____

Weight in kg _____

## What is your occupation?

- ☐ Working Professional
- ☐ Student
- ☐ Unemployed & non-student

Question rules

**What is your occupation?**

Working Professional

Rule: Disable Option(s)

If option is selected Disable Option(s) Unemployed & non-student from question What is your occupation?

Rule: Show Question(s)

If option is selected Show Question(s) Work Experience (years)

Rule: Show Question(s)

If option is selected Show Question(s) Nature of work/study

---

Student

Rule: Disable Option(s)

If option is selected Disable Option(s) Unemployed & non-student from question What is your occupation?

Rule: Show Question(s)

If option is selected Show Question(s) Nature of work/study

---

Unemployed & non-student

Rule: Show Question(s)

If option is selected Show Question(s) Nature of work/study

---

## Have you spent the last 3 months in Finland?

- ◯ Yes
- ◯ No

### Section A: Workspace Characteristics

This section collects information about your home workspace, physical environment, and environmental
exposures

## What is the type of dwelling you live in?

- ◯ Room in a shared apartment
- ◯ Studio
- ◯ One-bedroom apartment with separate kitchen and living room

- ◯ Separate study/work room

What is the type of your building?

- ◯ Apartment
- ◯ Independent House
- ◯ Others (Specify) _____

When was your building built?

***You can google your building age, it might appear or leave it blank. e.g. (otakaari 1 building age)***

_____

What is the floor level of your house?

- ◯ Ground Floor
- ◯ Between 1st and 5th Floor
- ◯ 6th floor and above

What is your primary work location room type ?

- ◯ Bedroom
- ◯ Study Room
- ◯ Living Room
- ◯ Others (Specify) _____

What is your workspace scenario? – Multiple choice:

- ☐ Study/work on a desk with a chair (sitting)
- ☐ Study/work on a desk with a chair (sitting) and stand occasionally
- ☐ Study/work on a bed (with/without bed table)
- ☐ Study/work on a couch/sofa
- ☐ Others (Specify) _____

Do you move around while working?

- ◯ No, I stay in my defined workspace (excluding breaks)
- ◯ Yes, I like to change workspace occasionally

Distance of the workstation from the kitchen?

- ◯ Separated by a door
- ◯ No Door (Distance < 2 meters)
- ◯ No Door (Distance >2 m but < 5 metres)
- ◯ No Door (Distance >5 m but < 10 metres)
- ◯ No Door (Distance >10 m

Number of windows in the workspace?

_____

What is the window type in your workspace?

***Double-glazed window: A window made of two glass panes separated by an air or gas-filled space to improve insulation.***
***Triple-glazed window: A window with three glass panes and two insulating gaps for enhanced thermal and sound insulation.***

- ◯ Double glazed
- ◯ Triple glazed
- ◯ Other (specify) _____

What is the typical window opening frequency at your workspace?

- ◯ Never (e.g. the window is opened once a month or not at all)
- ◯ Sometimes (e.g. once a week or lesser frequency in a month)
- ◯ Often (e.g. once a day or more frequency in a month)
- ◯ Always (e.g. the window is more open than closed over a long period of time)

What is the type of ventilation system present in the house?

***See Annexure for better understanding of the options***

- ◯ Natural ventilation (painovoimainen ilmanvaihto)
- ◯ Mechanical exhaust ventilation (koneellinen poistoilmanvaihto)
- ◯ Mechanical supply & exhaust with heat recovery (LTO)
- ◯ Air conditioning / cooling unit
- ◯ Others (Specify) _____
- ◯ I don't know

What is the primary source of light in your workspace? – Multiple choice

- ☐ Natural light (window)
- ☐ Overhead artificial lighting (light bulbs)
- ☐ Desk lamp
- ☐ Primarily screen light (laptop screen light)

How satisfied are you with the lighting in your workspace?

- ◯ Very dissatisfied: Lighting is clearly poor – too dark or too bright, causing eye strain, glare, or discomfort. Regularly interferes with the ability to work or concentrate.
- ◯ Dissatisfied: Lighting is somewhat uncomfortable or inconsistent. Tasks can be completed, but lighting often feels suboptimal (e.g., glare from windows, harsh artificial light).
- ◯ Neutral / Acceptable: Lighting is adequate for most tasks but not ideal. Occasionally needs minor adjustments (e.g., moving closer to a window or using a lamp).
- ◯ Satisfied: Lighting supports work comfortably. Mostly balanced between natural and artificial sources, minimal glare, rarely needs adjustment.
- ◯ Very satisfied: Lighting is excellent – bright enough, evenly distributed, easy to control, and contributes positively to focus and comfort.

On a typical workday, approximately how many hours of natural daylight exposure do you get,
when outside?

- ◯ <1 hour
- ◯ 1-2 hours
- ◯ 2-4 hours
- ◯ 4-6 hours
- ◯ More than 6 hours

Do you use bright lamps?

***Bright lamps, often called SAD lamps, are light therapy lamps designed to treat Seasonal Affective Disorder (SAD) and other conditions caused by low exposure to natural sunlight.***

- ◯ Yes, daily in winters
- ◯ Yes, occasionally
- ◯ No,  but I am considering using it and might use it
- ◯ No

Do you have a houseplant in your workspace

- ◯ Yes
- ◯ No

Do/Will you use a dehumidifier in your workspace?

- ◯ Yes
- ◯ No

What is the primary heating source in the workspace?

***Around 90% of residential homes in Helsinki and the capital region use district heating. If you live in student housing, your home is most likely connected to the district heating network. Select another option only if you are sure.***

- ◯ District heating (kaukolämpö)
- ◯ Electric heating (sähkölämmitys)
- ◯ Ground-source heat pump (maalämpö)
- ◯ Air-source heat pump (ilmalämpöpumppu)

◯ Other (please specify) _____

How many household members are usually present at home during your working hours?

_____

Do you have pets in the house?

◯ Yes

◯ No

When do you typically eat times at home?

***Give an approximation of time in 24-hour format. Write (NA if not applicable)***

| | |
|---|---|
| Breakfast | 00:00 |
| Lunch | 00:00 |
| Supper | 00:00 |
| Dinner | 00:00 |

Do you or anybody in your household smoke indoors?

◯ Yes

◯ No

Which option better describes your surrounding environment?

◯ Urban, mostly buildings

◯ Urban, mostly trees/forest

◯ Others (specify) _____

Section B: Work Patterns & Routines

This section asks about your typical work schedule and patterns.

At what time do you usually start working?

Please enter the time in HH:MM (24-hour) format.
*Note: On weekdays, you will receive a reminder with a daily clue to fill your morning survey. The reminder will be sent at 10:00 by default, or at the time you specify in your response to this question.*

00:00 _____

At what time do you usually end working?

Please enter time in HH:MM and 24-hour format.
*Note: On weekdays, you will receive a reminder with a daily clue to fill your evening survey. The reminder will be sent at 17:00 by default, or at the time you specify in your response to this question.*

00:00 _____

Could you give a close approximation of the number of breaks you take during work?

***Don't overthink this — provide an approximate number, not a range. Ask yourself: how many times did I get up for a break from work yesterday?***

_____

During your work breaks, do you do the following?

- ◯ Stay in workspace or indoors
- ◯ Step outdoors.
- ◯ Not Applicable

What is the typical intensity of your physical activity?

***Physical activity could mean outdoor activities that elevate your cardiovascular heart rate, improve endurance, and contribute to overall physical fitness and well-being.***

- ◯ Light (e.g., casual walking, stretching, light household tasks)
- ◯ Moderate (e.g., brisk walking, cycling, light jogging—you can talk but not sing)
- ◯ Vigorous (e.g., running, intense cycling, sports—difficult to talk)

What is the typical frequency of physical activity in a week?

- ◯ Daily (7 days per week)
- ◯ Frequently (4-6 days per week)
- ◯ Often (1-3 days per week)
- ◯ Rarely/None

Where do you usually eat your meals during your work hours ? (e.g. lunch)

- ◯ In the workspace in/near the workstation
- ◯ In a room separated from the workspace, but indoors
- ◯ I usually eat my meals outdoors (e.g., in a restaurant).

On average, how many times do you consume coffee/caffeine during your work hours?

_____

On average, how many hours do you work from home per week ?

_____

What type of work are you currently engaged in?- Multiple choice

- ☐ Meetings – Attending or conducting team or client meetings, discussions, or reviews
- ☐ Writing – Preparing reports, articles, documentation, or academic manuscripts
- ☐ Coding – Developing, debugging, or testing software or scripts
- ☐ Creative work – Designing, brainstorming, or working on visual or conceptual tasks
- ☐ Others (Specify) _____

What percentage % of work is done on your computer

_____

Section C: IAQ Awareness & Sensitivity
This section assesses your perceptions, sensitivities, and health in relation to indoor air quality.

## In your opinion, how would you rate the current workspace air quality in your home?

- ○ Very Poor: Air feels stuffy, heavy, or unpleasant. Possible odors, high humidity, or stale air which causes noticeable discomfort.
- ○ Poor: Air occasionally feels uncomfortable or lacks freshness. May feel slightly warm, humid, or stagnant.
- ○ Moderate / Acceptable: Air quality is generally fine but not optimal. Occasional mid discomfort or need for ventilation.
- ○ Good: Air feels fresh and comfortable, with minimal odors or humidity issues. Supports focus and comfort.
- ○ Excellent: Air feels clean, fresh, and refreshing—an ideal indoor environment with no noticeable issues.

## Select top 3 concerns that, according to you, are important for indoor Air Quality (IAQ)

- ☐ Sensation of stuffiness and uneasiness
- ☐ Odors or foul smells
- ☐ Humidity (Low or High)
- ☐ Temperature (Low or High)
- ☐ Dust in the atmosphere
- ☐ Others (Specify) _____

## How often do you consciously notice air quality?

- ○ Rarely (I am insensitive to air quality)
- ○ Sometimes (I notice it sometimes or unless someone else points it out)
- ○ Frequently ( I am sensitive to air quality and can quickly identify a change in the air quality.

## What typical actions do you take when air feels poor?

- ○ Open Windows
- ○ Take Breaks

◯ Others (Specify) _____

Rate your sleep quality past week (1 = Poor, 5 = Excellent)

◯ 1 – Very restless, frequent awakenings, or unrefreshing sleep

◯ 2 – Somewhat restless, occasional interruptions

◯ 3 – Average sleep quality, generally okay but not fully refreshing

◯ 4 – Good, mostly restful sleep with few disturbances

◯ 5 – Excellent, deep and refreshing sleep throughout the night

Rate your general health status ?

◯ Excellent – No health issues, full energy and well-being

◯ Very good – Minor, infrequent issues, generally healthy

◯ Good – Occasional discomfort or mild limitations

◯ Fair – Noticeable health concerns or limitations

◯ Poor – Frequent or serious health issues affecting daily life

Section D: Technology Use & Comfort
This section asks about your familiarity with wearable devices, comfort, and data privacy preferences.

Have you used an Apple Watch or any other smartwatch before?

◯ Yes

◯ No

Average daily screen time on your phone during work hours (hours:minutes):

***Instructions to check screen time:***
***iOS (iPhone): Open Settings → Screen Time. Tap See All Activity → select Day/Week view. Look for "Total Screen Time" during work hours.***
***Android: Open Settings → Digital Wellbeing and Parental Controls. Tap Dashboard → select your phone usage for the relevant apps. Sum total usage during work hours.***

00:00

Section E: Environmental Control & Preferences
This section explores your preferences and perceptions regarding temperature, ventilation, and workspace
comfort.

Do you have the ability to control the temperature of your workspace?

- ◯ Yes
- ◯ No

Do you have a preferred range of temperature for your workspace?

Minimum (in °C) _____

Maximum (in °C) _____

How easily do you get distracted while working or studying?
(1 = Very focused, 5 = Easily distracted)

- ◯ 1 –Very focused , easily maintains attention on tasks
- ◯ 2 – Less distracted and mostly focused; minor distractions but quickly return to task
- ◯ 3 – Occasionally distracted, moderate impact on concentration
- ◯ 4 – Often distracted, difficult to stay focused for long
- ◯ 5 – Highly distracted, unable to maintain focus or complete tasks

Rate your stress level this past week (1–5). The following phrases numbered 1,3 and 5 are baselines for the measurement; 2 and 4 would mean they are overlapping with different baselines:

1 = Very calm and relaxed (e.g., completely relaxed and carefree)
3 = Moderately stressed but manageable (e.g., some pressure but manageable)
5 = Extremely stressed or tense (e.g., overwhelmed and unable to cope)

_____

Rate your work satisfaction level this past week (1–5). The following phrases numbered 1,3 and 5 are baselines for the measurement; 2 and 4 would mean they are overlapping with different baselines:

1 = Very dissatisfied (e.g., unhappy or unmotivated with current work)
3 = Neutral (e.g., work feels acceptable but not particularly rewarding)
5 = Very satisfied (e.g., highly engaged and content with current work)

In general, rate your mood level this past week (1–5). The following phrases numbered 1,3 and 5 are baselines for the measurement; 2 and 4 would mean they are overlapping with different baselines:

1 = Extremely negative (e.g., very sad, depressed, or anxious)
3 = Neutral (e.g., neither positive nor negative)
5 = Extremely positive (e.g., very happy, energetic, or content)
